

Löwenzahn Organics

Organic Follow-on Milk 6+

- ✓ EU organic certified
- ✓ For babies over 6 months old
- ✓ With prebiotic fiber GOS (galacto-oligosaccharide)
- ✓ With DHA (Omega-3) from algae oil and ARA (Omega-6)
- ✓ Without fish oil
- ✓ Without GMO
- ✓ Palm oil only from sustainable sources
- ✓ EU compliant recipe developed according to regulation (EU) 2016/127
- ✓ Certified by German inspection body: DE-ÖKO-006

Preparation

1. Boil fresh drinking water and let it cool down to approx. 40-50°C / 104-122°F.

2. Pour half of the required amount of water into the bottle.

3. Add the amount of baby formula powder into the bottle according to the dosage table. Fill the scoop and level it off.

4. Close the bottle and shake vigorously.

5. Add the remaining amount of water and shake well.

6. Check on the inside of your wrist for drinking temperature before feeding (approx. 37°C / 98.6°F).

Drinking quantity and dosage

Age of the child	Per feed			Bottles per day
	Boiled drinking water (ml)	Number of scoops*	Ready-to-drink formula (ml)	
after 6th month	150	5	170	2 - 4**
	180	6	200	
	210	7	230	

* One levelled scoop equals 4.4 g of formula powder

** Babies need about 5 meals a day. With each newly introduced complementary meal, a bottle feeding should be skipped.

Standard solution: 13.2 g formula powder + 90 ml boiled drinking water = 100 ml ready-to-drink baby formula

¹ 100 ml ready to drink formula: 13.2 g powder + 90 ml water ² GOS = galacto-oligosaccharide

Ingredients

skimmed milk*, partly demineralised whey powder*, oil mixture (palm oil* **, sunflower oil*, rapeseed oil*), galacto-oligosaccharides* (from lactose), maltodextrin*, starch*, lactose*, L-tyrosine, potassium chloride, microalgae oil (from C. cohnii), calcium chloride, magnesium chloride, oil from Mortierella alpina, calcium carbonate, calcium hydroxide, L-tryptophan, sodium chloride, iron lactate, vitamin C, zinc sulfate, copper sulfate, vitamin E, iron sulfate, niacin, pantothenic acid, vitamin B1, vitamin A, vitamin B6, manganese sulfate, potassium iodate, folic acid, sodium selenate, vitamin K, vitamin D, biotin, vitamin B12

* from organic agriculture

** sustainably produced

Preparation and storage instructions

- Please follow the preparation and dosage instructions exactly. The correct dosage ratio will always give your baby the nutrients it needs. Improper preparation or storage can lead to adverse health effects due to the growth of undesirable germs.
- Freshly prepare each feed and feed baby immediately. Do not re-use any excess. Always thoroughly clean the bottle, teat and ring.
- Always close the opened package tightly, store in a dry place and use within 2 weeks.
- Protect against heat. Store the measuring spoon clean and dry.
- Use only the enclosed measuring spoon for preparation.
- Never heat baby formula in the microwave (overheating hazard).

IMPORTANT NOTE

Breast milk is the best food for your baby. We encourage you to exclusively breast-feed for the first six months of life. This is also the recommendation of the World Health Organization (WHO).

International shipping via our online store is only for private customers.
